STATE OF MISSOURI  
**DEPARTMENT OF PUBLIC SAFETY**  
**OFFICE OF THE DIRECTOR**

June 13, 2022

**Subject: Mobile Emergency Communications Functional Exercise (FE) invitation to participate**

Dear Public Safety Interoperable Communications Stakeholder,

The Missouri Department of Public Safety is partnering with City of Cape Girardeau Fire Department and U.S. DHS Cybersecurity & Infrastructure Security Agency (CISA) to conduct a mobile emergency communications assets functional exercise (FE). FE will feature a master scenario events list (MSEL) developed by Missouri's interoperable communications stakeholders and will provide the opportunity to exercise your agency's mobile communications assets (RV, SUV, trailers, tactical repeaters, etc.) and personnel. Additionally, the FE will exercise local, regional, state and federal interoperable communications resources and standard operating procedures.

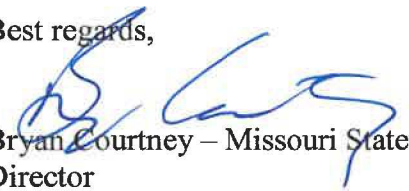

Mobile Interoperable Communication Assets Functional Exercise  
August 26-28, 2022  
Cape Girardeau SportsPlex  
2526 Jim Drury Way  
Cape Girardeau, MO

This event is being facilitated in response to the recently updated Missouri Statewide Interoperability Plan (MO SCIP). Local interoperable communications stakeholders have asked for MO DPS to:

- o Implement a yearly interoperable communications technical drill to test deployable communications assets

MO DPS is extending you this invitation to send your deployable communications asset(s) and personnel to this event. Please contact [roger.strope@dps.mo.gov](mailto:roger.strope@dps.mo.gov) to R.S.V.P. for this event.

Best regards,

  
Bryan Courtney – Missouri Statewide Interoperability Coordinator (SWIC)  
Director  
Missouri Interoperability Center  
2413 E. McCarty Street
